OUR MISSION

Medical Ministry International is an opportunity to serve Jesus Christ by providing spiritual and compassionate health care in this world of need.

"I have set you an example that you should do as I have done for you."
John 13:15

NORTH AMERICA

Antigua and Barbuda, Dominican Republic, El Salvador, Haiti, Honduras, Mexico

Measuring Impact by the Numbers:

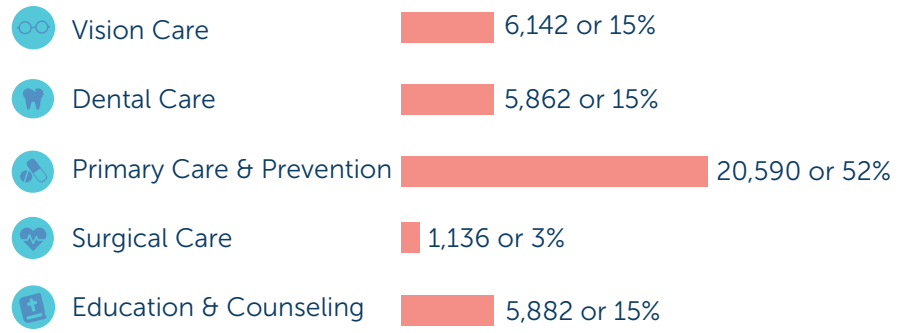

14 Project Teams

8,609
Patients Served

\$5,999,337
Value of Services on Project Teams

\$10,346,677
Value of Services in Partnership with Health Centers

39,612 Services Provided on Project Teams

Vision Care Highlight:
Our Vision Care Program provides all aspects of eye health care, including screenings, eyeglass dispensing, prostheses fittings, cataract surgeries, and more.

An Answer to Prayer A Little Girl's Vision Restored

In a small Mexican town, a little girl named Geyli was born with bilateral congenital cataracts. She learned to walk at a normal age, but without eyesight life was difficult, and her future was limited.

When Geyli's mother learned about our eye surgery Project, she knew it was an answer to prayer. Not only was her surgery covered, but they also received transportation, food, and lodging.

During the Project, our team operated on both eyes. Thanks to God's guiding hand, the results were excellent! When her eye patches were removed, Geyli looked with wide, shining eyes into her mother's smiling face for the very first time. Her mother said, "How can I thank you? My daughter can see, there's no greater gift!"

We're so grateful to the vision team and donors for enabling Geyli to see for life! Generosity from people like you has made miracles possible for this little girl and so many more.

"How can I thank you? My daughter can see, there's no greater gift!" - Geyli's Mother

SOUTH AMERICA

Bolivia, Brazil, Colombia, Ecuador, Peru

Measuring Impact by the Numbers:

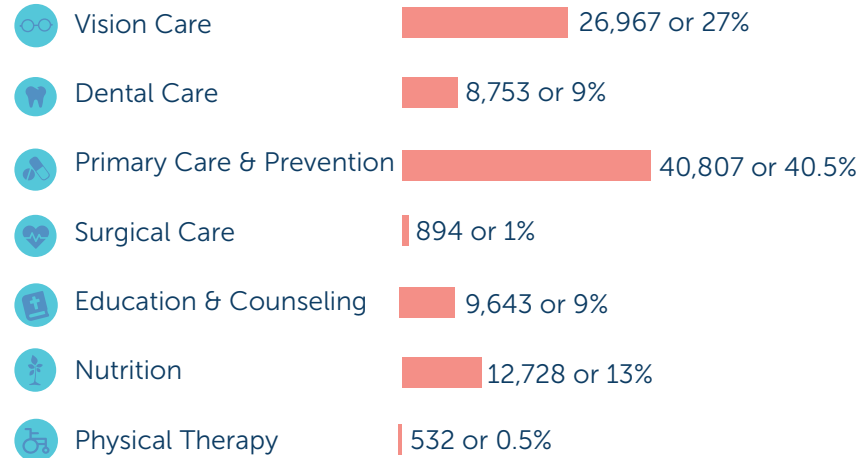

28 Project Teams

33,659
Patients Served

\$9,297,275
Value of Services on Project Teams

\$14,457,409
Value of Services in Partnership with Health Centers

100,324 Services Provided on Project Teams

Primary Care Highlight:
Our Primary Care and Prevention program provides consultations, lab procedures, prescriptions, parasite treatments, wellness checks, and more.

The Power of Affordable Health Care

Improving Lives, One Patient at a Time

Juan lives in Macedonia, a tiny Colombian village. When he developed pemphigus vulgaris, a rare autoimmune disorder that causes painful blisters on the skin—he couldn't find the treatment he desperately needed. The condition prevented Juan from working or living on his own, and he constantly worried he was a burden to his family.

Thankfully, with help from donors, Medical Ministry International visited Juan's village. Our team heard about his situation and quickly sent a doctor to his home.

It was blazing hot, but nothing would stop our doctor from reaching him. After a consultation, the doctor returned with an ample supply of medicine...exactly what Juan needed to better manage his condition. "I'm very thankful they came because the creams have made me feel so much better. I can even leave the house again!" he said, smiling brightly.

Thank you to our donors and participants for ensuring that patients receive the medicine and treatment they need to live full and healthy lives!

AFRICA

Ethiopia, Ghana, Rwanda, Zambia

Measuring Impact by the Numbers:

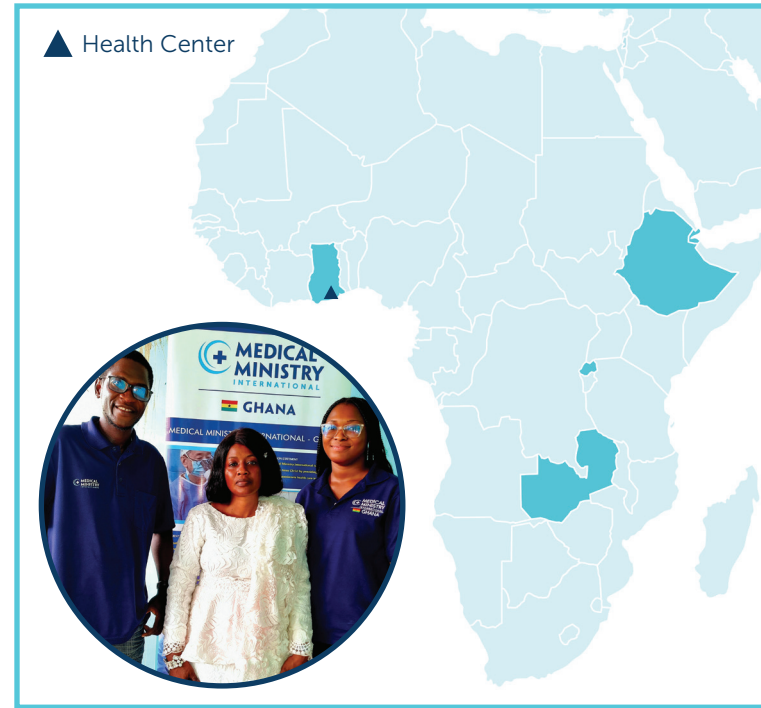

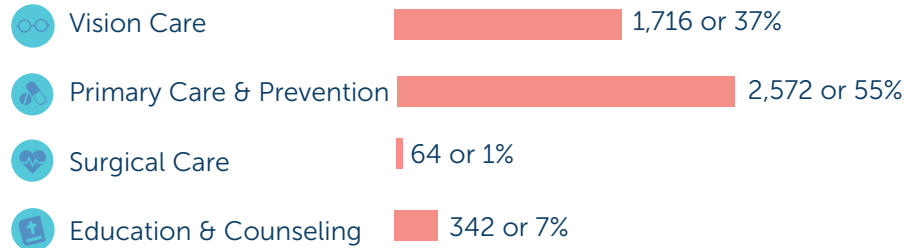

3 Project Teams

1,079
Patients Served

\$812,267
Value of Services on Project Teams

\$26,724,094
Value of Services in Partnership with Health Centers

4,694 Services Provided on Project Teams

Surgical Care Highlight:
Our Surgical Care Program delivers affordable procedures to patients whose conditions have been left untreated, often for many years. Surgeries include abdominal, gynecology, breast, obstetrics, plastic, and urology.

Providing Much-Needed Hope

Receiving medical care changed Abigail's life after experiencing the tragedy of multiple miscarriages

Abigail always dreamed of being a mother, but her body wouldn't cooperate and she experienced multiple miscarriages. She tried everything from traditional remedies to prayer, but nothing seemed to work.

When Abigail's stomach continued to swell, she desperately hoped that she was pregnant again. Sadly, her husband doubted she'd ever give him a child... and he decided to abandon her. She was in a fragile state, fatigued and breathless with her stomach protruding painfully.

Providentially, a friend told her about Medical Ministry International's Project Team in Ghana. Thanks to our supporters, the team doctor quickly identified that she wasn't pregnant. She actually had a fibroid and had to undergo a life-changing myomectomy.

Today, Abigail is healthy. She's so grateful and has asked that we continue our vital work in Ghana, where so many suffer from similar afflictions. Thank you to all of our donors and partners for providing much-needed hope to women like Abigail!

EUROPE & ASIA

Azerbaijan, Cambodia, India, Indonesia, Nepal, Philippines, Thailand, Ukraine

Measuring Impact by the Numbers:

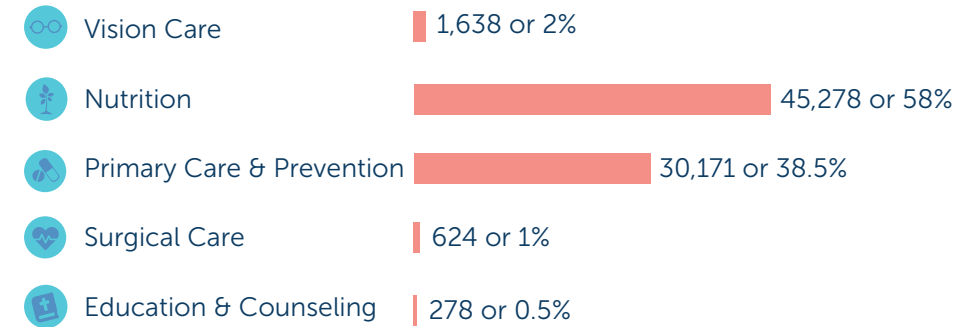

14 Project Teams

76,167
Patients Served

\$1,698,000
Value of Services on Project Teams

\$3,771,472
Value of Services in Partnership with Health Centers

77,989 Services Provided on Project Teams

Nutrition Highlight:
Nutrition is a critical part of health and development. In response to urgent needs during the pandemic and recent conflict in Ukraine, leaders are providing feeding programs and food boxes for families in need.

Faith and Service in Ukraine Generosity provided much-needed support to people impacted by conflict

Ludmila volunteers at St. Konstantin-Eleninsky in Kyiv - a monastery that has become a beacon of hope, providing sustenance to those who have lost so much in the war. Before Russia invaded, she volunteered occasionally. When the conflict began, she devoted herself full-time to serving those in need.

Today she is responsible for making 200-300 lunches each day for Internally Displaced People in her community. She takes great pride in her work and considers it a duty to both God and the people she serves.

Despite her efforts, it was a struggle to keep up with the demand for food. However, generous donors enabled Medical Ministry International to provide the financial assistance needed to keep Ludmila cooking and serving!

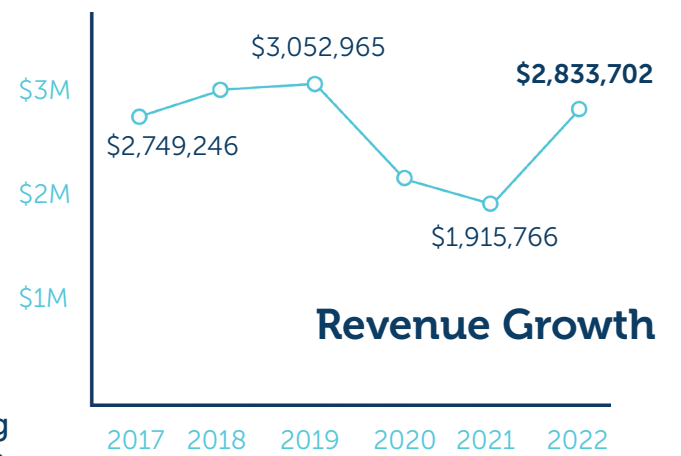

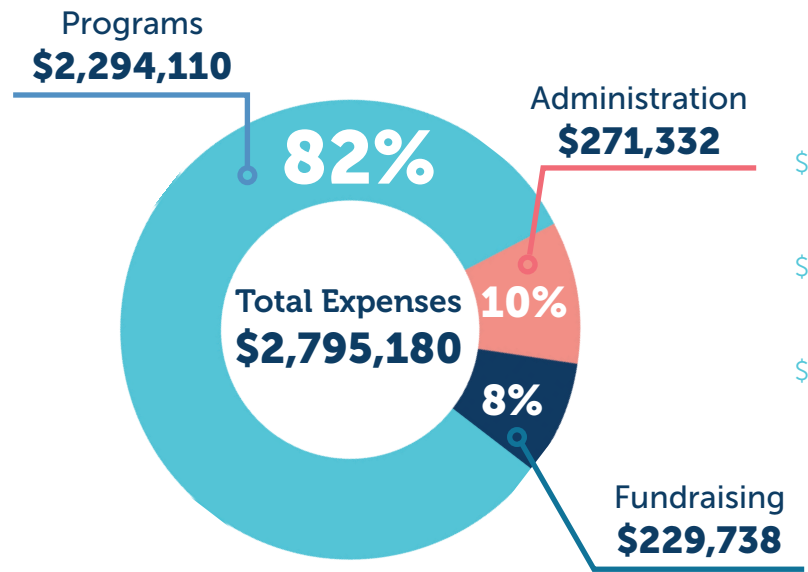

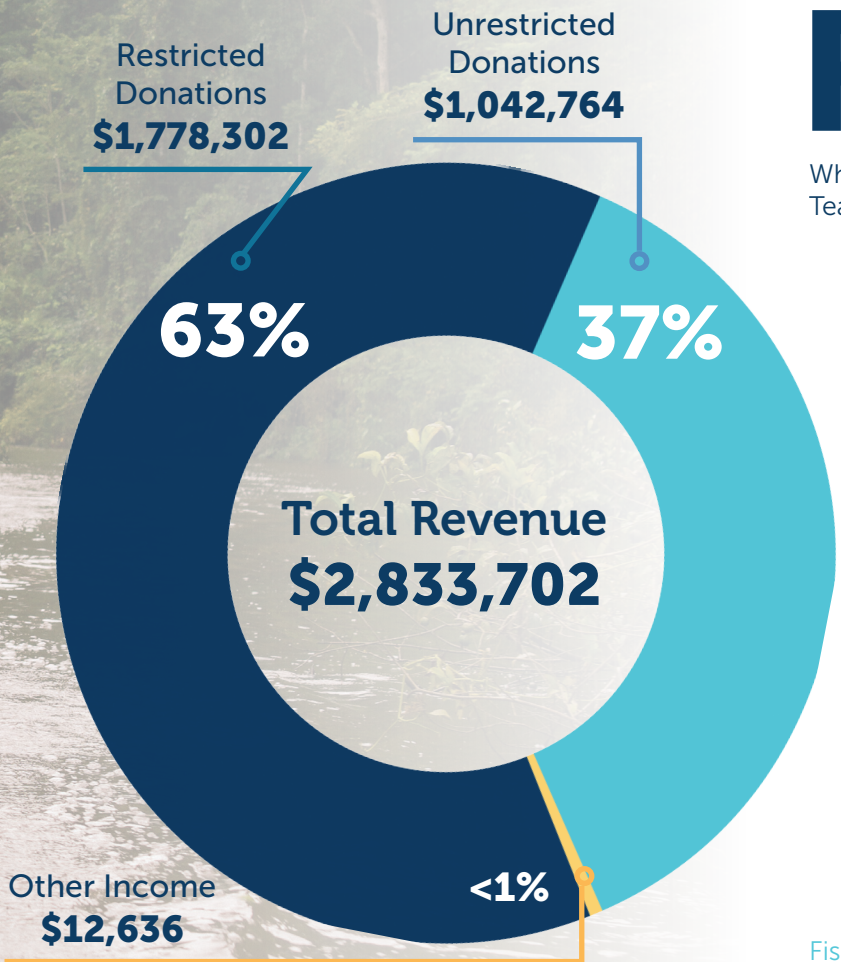

Ludmila's dedication to her work and her unwavering faith in God has been an inspiration to so many. Through her actions, God shows us that even in the darkest of times, hope and love can prevail.

Generous donations provide 200-300 lunches a day to Internally Displaced People.

FINANCIAL UPDATE

While Medical Ministry International remained financially stable during the pandemic, we are encouraged that Project Teams are growing again and increasing our overall impact. It's amazing to see God's faithfulness through uncertain times.

Fiscal year is October 2021 - September 2022. Audited Financial Statements are available upon request.

HEALTH CENTERS & INTERNATIONAL PARTNERS

Medical Ministry International establishes and supports Health Centers to increase access to affordable, quality health care. As centers become self-supporting, we assist with specific needs for land, buildings, renovations, equipment, and training.

Our International Partners are responsible for designing programs to meet the determined health care needs, executing 1 and 2-week Project Teams and collaborating with local charitable efforts related to health care.
